

## FILMING NOTICE #3

151 Purley Downs Road, South Croydon, CR2 0RN

22/06/22

Dear Resident,

Firstly, we would like to thank you so much for all your kind co-operation and continued understanding during our first three weeks of location preparation.

We have been asked to get in contact with you by the Croydon Film Office to whom we have submitted both our filming and traffic management applications, to garner feedback on our activities. Please see below our updated proposed filming schedule and what we are hoping to achieve:

### Dates / Times:

PREP dates: Continuing until Sunday 26 June

Tuesday 28 June: 12:00 - 23:30 - Traffic Management - ROAD CLOSURE

Thursday 30 June: 10:00 - 21:30 - Traffic Management - STOP/GO

Fri 1<sup>st</sup> July / Sat 2<sup>nd</sup> / Sun 3<sup>rd</sup> / Mon 4<sup>th</sup>: - NO FILMING

Tues 5<sup>th</sup> / Wed 6<sup>th</sup> July - Traffic Management - STOP/GO (back-up dates only)

Thursday 7<sup>th</sup> July: 11:00 - 23:30 - Traffic Management - ROAD CLOSURE

Friday 8<sup>th</sup> July: 11:00 - 22:30 - Traffic Management - ROAD CLOSURE

Friday 5<sup>th</sup> August/ Saturday 6<sup>th</sup> August - 22:00-10:00 - Traffic Management - ROAD CLOSURE (Night)

**The only update from our last letter is the addition of a full road closure on the night of the 5th of August.**

The reason traffic management is required on the above dates is due to safety whilst filming with cast and crew on the highway. We also need to keep the street 'period appropriate' for our 1980s flashback scenes.

For days when we have stop/go, this will mean that when filming we will hold traffic for up to 3 minutes at a time when we go for a take; emergency access will be maintained at all times. For days when we have a road closure, this will be between the junctions of Briton Crescent and Sanderstead Hill (please refer to the map on the third page). Resident access will be maintained at all times throughout the closure. Please get in touch should you have any access requirements, deliveries or questions regarding this.

On the 5<sup>th</sup> August we plan to film through the night and will have a road closure in place between approximately 22:00 on the 5<sup>th</sup> - 10:00 on the 6<sup>th</sup>. Please be assured that during this filming we will endeavour to keep our impact as minimal as possible. We will not be running any generators, will be using in-ear comms and will keep noise levels and personnel on the street as low as possible.

On our filming days we will have a crew of approximately 20 people on the street at any one time, although we will endeavour to keep the numbers on and around set to a minimum. We will be employing SIA approved security personnel on location and in the areas that we will be parking our technical vehicles. They are on hand to help throughout the day and are in direct communication with myself or my Location Department should you wish to speak to us whilst on site.

To help facilitate our shoot we intend to park some of our essential technical vehicles nearby. Though we will be utilising some pre-agreed resident driveways, we will need to park some on nearby streets. Please see an parking plan on page 3. If you have any questions regarding this, do get in touch.

We do appreciate that our presence will have an impact on the community and we are working hard to keep disruptions to an absolute minimum. We'd like to thank all of you for your help in our search for spaces.

As a gesture of goodwill and thanks for being in the area, we will be offering a donation to the local Residents Association.

Thank you for taking the time to read this letter. Please do not hesitate to contact myself or my colleague on the details below should you have any questions about our project.
