

# PROGRAMME FOR 2018

## WORK DAYS

January 20<sup>TH</sup> TREE PLANTING. For the third year running we intend to plant another batch of tree whips, on the site we cleared during 2017.

March 3<sup>RD</sup> SITE CLEARING. We start clearing a new site whilst admiring the daffodils that were planted last September.

April 7<sup>th</sup> SPRING BONFIRE. Always a high point, a bonfire to be lit to clear the arisings from the new site.

May 5<sup>th</sup> CARING FOR OUR YOUNG TREES. Returning to old sites to clear ground around our previously planted trees.

June 9<sup>th</sup> BATTLING BRAMBLES. Hopefully clement weather will help us to carry on managing our special wood.

July 14<sup>TH</sup> BARBEQUE. Some work at first, until it is time for our annual BBQ, fingers crossed that it is a dryer and warmer occasion than last years.

September 15<sup>th</sup> BULB PLANTING. Planting of spring bulbs will be the priority, but site and path clearing will still need to be carried out

October 20<sup>th</sup> PATH CLEARING. Sausage rolls and shortbread help to keep the workers in good humour as we continue clearing the summer growth from paths and tree planting site.

November 17<sup>th</sup> WINTER BONFIRE. Another big bonfire that will hopefully leave our new site clear and ready for planting in January 2019.

## ANNUAL GENERAL MEETING

November 23<sup>RD</sup> AGM St. Marys church hall. An opportunity to meet and discuss the future activity of FOPB
